Academic Regalia

During the commencement ceremony, students and faculty wear academic costumes indicating the wearer's degree and college or field of study.

The Cap

The black mortarboard type is the most common cap worn. Degree candidates wear cap tassels that are black and white, the University colors. Colors worn by the faculty vary according to their fields of study.

The Gown

Gowns, which are all black, are of three kinds. The bachelor's gown is relatively simple, with lines falling straight from a fairly elaborate yoke. Its distinguishing characteristic is the long pointed sleeve. The master's gown has sleeves with a back end extending down below the knee in a crescent shape. The doctor's gown is an elaborate costume with velvet panels down the front and around the neck, with three velvet bars on the bell-shaped sleeves. It is cut much fuller than the other gowns and, unlike them, may be ornamental in color.

The Hood

For each college or field of study, there is a corresponding color. At Governors State University, colors for master's hoods are: *drab* (yellowish-brown), College of Business and Public Administration; *white*, College of Arts and Sciences; *salmon pink*, School of Health Professions; *light blue*, College of Human Learning and Development. Master's degree candidates from Governors State University have a hood lining with a black chevron on a white field. The faculty wear colors of the fields of study in which they earned their degrees. THE MACE

The Governors Mace, carried by the Marshall who leads the academic procession, is a symbol of the authority of the university as a degree-granting institution. The legal authority of the university is grounded in the intellectual authority of the distinguished faculty who follow in the procession.

In antiquity, the Mace was a weapon used to establish the "authority" of the physically strong. Its transformation into a symbol of intellectual authority is both a tribute to and a reminder of the civilizing force of a university's teaching, research, and community service functions.

Engraved on the four side-panels of the Governors Mace are: (1) the seal of the state of Illinois; (2) a cardinal, the state bird; (3) the seal of the Illinois Board of Governors of State Colleges and Universities; and (4) an inscription which reads "The governors Mace, a symbol of tradition and authority of Governors State University's commitment to the search for excellence in the pursuit of truth, knowledge, and the love of learning. Presented by Peter Levin, friend of the university, June 2, 1979."

Atop the Mace is a silver rendition of the university logo. The three sides of the "triangle" symbolize the university's teaching, research, and community service functions. The three lines visually suggest the shape of a rocket, reminding us both that the university was founded two days after Neil Armstrong set foot on the moon and that the university is a hope-filled, pioneering community, committed to a better future for all men and women. The circle symbolizes the fact that the university is, indeed, a community. Finally, the fact that the tips of the triangle reach beyond the circle indicates the outreach into the region, the state, the country, and the world of teaching, research, and community service function of Governors State University.
